

TURNING BACKYARDS INTO ADVENTURE PARKS FOR OVER 40 YEARS

## 30-TREE ZIP LINE FUN TREE PROTECTOR INSTALLATION MANUAL

Thank you for purchasing our new tree protector.

### PARTS LIST:

1. Two 45" long tree protectors that have two layers Nylon/Polyester. This withstands 350,000 abrasion cycles.

**AdventureParks.com**  
**520 Salem Avenue**  
**Holly Springs, MS 38635**  
**800.848.8688**

### INSTALLATION INSTRUCTIONS:

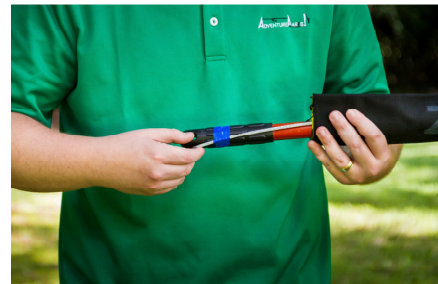

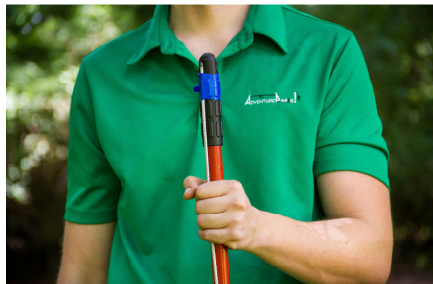

#### Step 1:

Unroll both tree protectors and open up by squeezing the middle all the way across.

#### Step 2:

Get a broom handle and tape one end of the cable. Feed the broom handle through the tree protector.

#### Step 3:

Remove the tape from the broom handle. Use one hand to hold the cable and the other hand to pull the broom handle out of the tree protector. Your new Tree Protector is now ready to preserve your trees.
